John G. Brinkley Killed

This community was shocked last Friday when it was learned that Police Sgt. John G. Brinkley had been killed by a negro in Memphis while in the discharge of his police duties.

The negro had been arrested by other police officers for chicken stealing and had succeeded in getting a pistol from his buggy while under arrest and shooting two officers and three other parties, making his escape. Sgt. Brinkley and other officers hurried to the scene and were in pursuit of the negro when he turned and fired on them. A bullet piercing the heart of Sgt. Brinkley and killing him almost instantly. The negro was finally arrested and fearing a mob which was rapidly being organized by enraged citizens of Memphis, where Sgt. Brinkley was one of the most popular men in the employ of the city, the officers rushed the negro out of that city over the N. C. & St. L. railroad and he was carried thru Somerville to Jackson and finally to Nashville where he is now held in the state penitentiary for his safe keeping. It was not known he was on the train until it reached Somerville or the chances are ten to one that something would have happened here then. Sheriff Perry of Shelby county and four deputies were with him when he came thru here. Sgt. Brinkley was born in the second district of this county near Lacomis, a son of Capt. T. W. Brinkley, a Confederate Veteran who moved several years ago from his farm in that district to Somerville. In his early life Sgt. Brinkley worked on the farm and attended the country schools, later attending the high school in this city. As a boy he was quiet and absolutely dependable under all circumstances, and these qualities grew as he developed into manhood and became his strong character distinctions as a man and an officer. When grown he went to Memphis and was first an employee of the street car company, giving up that position to become a member of the police force of the city, and from all alike, the good and the bad of the city, it is stated he was one of the best officers the city ever had. Perhaps no member of the police force of Memphis had more friends than did he. He was a Mason and a Shriner and a leader in lodge circles of the city.

In Somerville and over this county he had many friends who join the family in grief for the taking away of so good a man, a citizen, and an officer.

He leaves his father, Capt. T. W. Brinkley and his step-mother, three brothers, Robert C. L., and Dr. G. T. all at this county, and his wife who was Miss Margaret Henley, daughter of the late John Henley who died but a few weeks ago at his home near Lacomis, together with their two little daughters.

The body was brought to Somerville Saturday at 2 p. m. and burial followed from the train with services conducted by Rev. Yates Moore of the Methodist church of which the deceased was a member.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. WHITE'S CREAM VERMIFUGE expels worms promptly and puts the child on the road to health. Sold by Price Drug Co. Adv

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crumbles into sour bile like dynamite, cramping and sickening you. Calomel attacks the tones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Fayette Oil and Gas Company Organized.

The Fayette Oil and Gas Company was organized in Somerville last week by local men and on local capital. The capital stock was placed at \$40,000 and a large part of that sum has already been subscribed.

Years ago oil prospectors came here to look the situation over with reference to oil deposits in this county. They were encouraged to believe there was oil here and took leases on many thousands of acres of lands in the county. For some reason or other no actual testing was ever done, but from time to time since then other representatives of oil interests have visited this section in search of prospects, for finding the fluid. Recently B. H. Temple and R. P. Camden, of Parkersburg, West Virginia, came here representing an oil concern of wealth and integrity in that state and have secured leases on many thousands of acres of land, it being the intention of their company to test for oil here. Then it was proposed by local men that Somerville and Fayette county people be allowed to get in on the proposition, and the gentlemen named went back to Parkersburg and put the matter up to their company and it was agreed that the company would take stock in a local Fayette county concern. It is to be owned and controlled by local men. The board of directors chosen is as follows: Capt. E. A. Maddox, Louis Lipsky, L. F. Catron, C. W. Crawford, W. T. Loggins and B. H. Temple, and the officers chosen are W. T. Loggins, President; Capt. E. A. Maddox, Secretary-Treasurer; W. M. Mayo, Attorney.

A contract has been made with B. H. Temple and R. P. Camden for the sale of the remaining stock to be offered and they are now engaged in that work. A charter will be asked for and all plans made to begin boring a test well at some point to be chosen on the lands already leased for oil purposes. Any citizen of the county can secure stock in the company by applying to any of the officers named above.

There is little telling what this test may mean to Fayette county. According to the oil men we are exactly in line with the oil fields of eastern Canada, New England, Pennsylvania, West Virginia, Kentucky and Louisiana-Texas, and in all these states paying wells have been sunk and are now in operation, in many cases a single well producing annually almost as much as the present income of Fayette county. If there is oil here and it is found in paying quantities the new company and others will be made rich and citizens getting a one-eighth bonus on the product will be made rich. Of course it is a risk, but so strongly is the faith in it fixed in the minds of these gentlemen that they have determined to make the test and hence the organization of the company named, entirely local in management and almost entirely owned locally.

To Judge Clark, Brady Scott and Margaret Parham

Henderson B. Scott) In the County
vs.) Court at Somerville
W. L. Jewell, Extr.) ville, Tenn.
et al

In this cause, it appearing from the petition which is sworn to, that Judge Clark, Brady Scott and Margaret Parham, defendants herein, are non-residents of the State of Tennessee, they and each of them are hereby required to appear before the County Court at the Courthouse in the Town of Somerville, Tennessee, and make defense to the petition filed against them and others in this cause, on, or before, the 1st Monday in August, 1919, or otherwise, the petition will be taken for confessed as to them and this cause set for hearing ex parte.

It is further ordered that this notice be published for four consecutive weeks in The Fayette Falcon at Somerville, Tennessee.

This June 2nd, 1919.
C. W. CRAWFORD, Clerk.
H. C. Moorman & Son, Sols. 7-11

Hall, 2926 Olive street, St. Louis, Mo. Sold by druggists.—adv. tf

Tennessee in the Hall of States

Among the many soldiers who reach New York City wounded or in detachments bound for home, the men from Tennessee are especially well cared for at the "Dixie" desk in the Hall of States maintained by War Camp Community Service, at 27 West 25th St., because the two active heads of that desk, Mrs. Leroy Brown of the Southern Society and Mrs. Alfred Spencer, are both from Memphis and are watchful for the interests of the Tennessee lads.

It is a very important work that is done from this Hospitality Center, maintained by War Camp Community Service, as headquarters for the "home folks" of the various states to welcome the home-coming men of their commonwealths. Here "Buddies" meet at the War's end, and oftentimes whole families are re-united, as was the case the other day when three Tennessee lads met at Mrs. Brown's desk for the first time in four years.

Backed only by the Southern Society, Mrs. Brown and Mrs. Spencer are trying to do as well by Tennesseans who reach New York as other states are doing for their homecoming sons, despite the fact that other states have large appropriations. Kansas is spending \$35,000 to welcome her boys. Massachusetts \$50,000 and other states smaller amounts. The Tennessee women say they have received no financial aid from the state, even toward the clerical work of writing two or three hundred Tennessee lads in the hospitals here.

These letters, sent out under a plan devised by the War Camp Community Service, are as a rule the first words from homefolks to reach the injured boys after they arrive on the transports. The women invite those lads who can visit them at the Hall of States and, in the cases of the severely wounded, they call on the men in the wards, carrying cheer, home papers that are avidly seized, and flowers or fruit.

County School Board to Meet July 8.

Chairman Wyatt Wilkinson of the County Board of Education has called that body to meet in regular quarterly session in Somerville on Tuesday, July 8, for the purpose of transacting such business as may come before it.

Among other questions to be settled at this meeting will be the date for the opening of the summer terms of the county schools. Most of all of the one-teacher schools in the county and several of the two-year high schools begin the year's work about the first of August, and some date near that time will, no doubt, be fixed for the opening this year. Members of the board and the Superintendent would be glad to hear what date suits the parents best, so that the most convenient date can be fixed.

There are yet numerous schools in the county for which teachers have not yet been selected. In the Superintendent's office are numerous applications for positions, and these applicants can be reached by Advisory Directors who desire to get in touch with them, if application is made to the Superintendent. At the July meeting named these places will be filled by the Board, whether teachers have been elected and recommended by the Advisory Board or not. All patrons wanting to suggest teachers for their schools have ample time between now and the date of the meeting, and it would be well for them to see members of the Board or the Superintendent and make their suggestions.

Cut This Out and Take It With You

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes some thing else instead. That is always disappointing and unsatisfactory. The safe way to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion. adv

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Sec.

News for Discharged Soldiers Sailors and Marines.

All persons discharged from the military or naval forces residing in and about this city, can now receive medical attention and medical examination for the filing of applications for compensation. The United States Public Health Service, the medical advisors to the Bureau of War Risk Insurance, have established offices in Somerville and Dr. J. A. Albright, whose address is Somerville, has been appointed as local Government examiner. All persons desiring to obtain insurance or filing application for compensation under the Bureau of War Risk Act, must furnish a medical certificate of their present physical condition. These persons, by applying to Dr. J. A. Albright at Somerville may be examined and all necessary papers filled out free of charge. Such persons will also receive, at the expense of the Government, medical relief, or be sent to a Government hospital or institution, should this be necessary.

The headquarters for the 5th District, which comprises the states of North and South Carolina, Georgia, Florida, and Tennessee, have been established in Atlanta. Persons desiring further information should write to Dr. J. A. Watkins, 5th floor, Chamber of Commerce Bldg., Atlanta, Georgia.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, bleeding or protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after the first application. Price 6c.

Garden Notes

Just as soon as Triumph potato vines turn brown the crop is mature and can be dug. And if dug and the small ones cut in halves and planted right back the same day dug, chances of getting a stand with present moisture supply is good. Another way is to dry the potatoes a few days in the shade and then put on the ground in the shade or under the house and covered with sacks or straw and kept moist for two weeks, when they should begin to show sprouts and are ready for planting.

We are this week sowing cabbage seed, collard seed and tomato seed, to have plants for transplanting for fall use.

This is the time the gardens are so often given up to grass and weeds and the present season has a strong tendency that way in spite of the careful gardener. The early vegetables are giving out and their places should be taken by plantings of later crops and the weeds and grass kept down thru the season.

Time to begin to think of a place to plant turnips. The seed should be planted in August, but the sooner the place is picked out and the ground kept worked to conserve moisture the better.

A few rows of Whippoorwill peas or California peas will furnish an average family with green peas in the late summer and dry ones for winter and will take but little time and labor. It is time to plant them now where an early crop comes off the rows.

Celery should be transplanted at the earliest opportunity now. When one grows a home supply of this vegetable once he will want it every year because it is so much better than the coarse celery grown in market sections and shipped here. It can be planted for the next several weeks, the sooner the better.

There is still time for sweet potatoes if you have failed to get plants set before this time. And many people like to take vine cuttings now and set out, as they say they will make the smoothest and best potatoes of all.

Card of Thanks.

We have no words that will express the appreciation we feel for the manner in which our good friends and neighbors came to us in our recent bereavement, and shared with us our grief and sorrow. No sweeter memory can live in any heart than the memory of kindness and devotion to one's departed loved ones. Times of sorrow must come to every home, and in our's recently the warmth of personal interest and kindly feeling from our friends helped soothe the grief-stricken hearts within us, and our appreciation is beyond our of expression. May the friends, have in their hours of trouble, the same sympathy and help that they extended to us, is our sincere wish.

T. W. BRINKLEY & FAMILY.

RHEUMATISM IS TORTURE

As Many a Somerville Reader Knows Only Too Well

Many pains that pass as rheumatism are really due to weak kidneys, and the farther the kidneys to drive off waste acid thoroughly. When you suffer with backache, rheumatism, stiffness, and joints, backache, too, dizziness and some urinary disturbances, get Doan's Kidney Pills, the medicine that is positively recommended by over 150,000 people in many different lands. Doan's Kidney Pills help weak kidneys to drive out uric acid, which it often the cause of the backache, rheumatism and lameness. Somerville people have learned their worth. Read this Somerville resident's experience.

Mrs. W. K. Linyard, says: "I had awful pains through my back and it sometimes put me past going. I also had rheumatic pains in my hips, especially in changeable weather. I had to be helped out of bed when these attacks came on and my kidneys were weak and disordered. I knew something would have to be done. I was nervous and was getting worse every day. I read of Doan's Kidney Pills in the paper and decided to get a box at the Rhea Drug Co. Doan's helped me from the start and with continued use, I was completely cured."

Price 60c at all dealers. Don't simply ask for a kidney remedy get Doan's Kidney Pills, the same that M. A. Linyard had. Foster-Milburn Co., Mfrs. Buffalo N. Y. adv.

The Soldier Welcome

A meeting was held at the courthouse Monday at 10 o'clock to discuss the welcome to be given by Somerville to the returned soldier boys. July 4 had been suggested as a fitting date for such a welcome to be held. A number of business men and the ladies representing the local branch of the Red Cross met and discussed the matter and a resolution was adopted postponing the welcome to October during the week of the County Fair.

A committee of ladies was appointed to accompany the County Fair Boosters on their annual trip over the county in the late summer for the purpose of spreading interest in the Soldier Welcome, to secure names of returned soldiers, and to interest them and their families and friends in coming to this city to participate in the welcome to be extended them in October. The following ladies were appointed: Mrs. H. W. Lipsky, Mrs. C. B. Perrin, Mrs. F. B. Moorman, Mrs. N. M. Gibson, Mrs. W. T. Loggins, Mrs. G. W. Locke, Misses Pauline and Bernice Lipsky.

Capt. E. A. Maddox was elected Chairman of the meeting and at the proper time he will call another meeting to make plans necessary for making a day of pleasure for the people of the town and county.

Tentative plans discussed provided for raising sufficient funds to provide barbecued meats and bread for every person who might come, and inviting people over the county to bring baskets of such as they saw fit to bring, it being understood that ample dinner would be provided for every guest for the day whether basket was brought or not and that all would be free to everybody and that every citizen of the county is invited. It is to be a day of pleasure and rejoicing that our boys are back, and that our losses were fewer than in most any of the counties of the state around us.

It is to be a gathering of white soldier boys and their friends, but it was understood that if the colored want to hold such a day for their boys assistance will be given them, too, when the colored people choose a day and take steps to that end.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply BALLARD'S SNOW LINIMENT. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Sold by Price Drug Co. Adv

LEMON JUICE IS FRECKLE REMOVER

Girls! Make This Cheap Beauty Lotion to Clear and Whiten Your Face.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white shake well and you have a quart of the best freckle and tan lotion and complexion beautifier at a very very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless. tf

Good Positions Men and Women
